**2008 GOVERNMENT OF CANADA
WORKPLACE CHARITABLE CAMPAIGN**

Dear Brothers and Sisters:

The 2008 Government of Canada Workplace Charitable Campaign (GCWCC) will be officially launched on September 9, 2008. Again this year, the members of the Public Service Alliance of Canada will once again make the difference by contributing generously to the campaign.

The GCWCC is one of the largest and most successful workplace fundraising campaigns in Canada. Last year, PSAC members helped to improve the quality of life of people across the country by contributing to the more than \$33.5 million raised in support of United Way/Centraide, HealthPartners/PartenairesSanté and thousands of other registered Canadian charities.

PSAC members have a long-standing support of GCWCC; your involvement and commitment have contributed greatly to the success of the campaigns. Again this year, we are faced with an increasing number of people who need the help of the various organizations funded by the GCWCC. We urge you to contribute to the campaign by giving money and getting involved as a volunteer.

Be a star in someone's life and support the GCWCC! We encourage you to give generously to the 2008 Government of Canada Workplace Charitable Campaign.

In Solidarity,

John Gordon
National President

Patty Ducharme
National Executive Vice-President
